CERTIFICATE OF ATTENDANCE

18th FRAMily 2026, Technical University of Munich

Munich, Germany

15th, 16th and 17th of June 2026

This certificate is awarded to

Fatemeh Maral Negari

for attending the 18th FRAMily Meeting & Workshop 2026, hosted by the Chair of Ergonomics at the Technical University of Munich.

The participant attended **2 days (16 hours)** of the event.

The participant also delivered a presentation entitled *"Identifying Hidden Decision Patterns in Arctic Ship Route Planning"*.

About the event:
The FRAMily Meeting & Workshop 2026 brought together the international FRAM community for three days of exchange, learning, and discussion around the Functional Resonance Analysis Method (FRAM), Safety-II and Resilience Engineering. The programme combined a hands-on FRAM tutorial, keynote and abstract presentations, FRAM Clinics (Bring Your Own Model/Problem), workshops on FRAM software tools, and a strategic roundtable on the future direction of the FRAM community.
